## REPORT OF PHYSICAL EXAMINATION – DIVER

Instructions to the Examiner: (The Examiner must be a Medical Doctor (MD), Doctor of Osteopathy (DO), Nurse Practitioner (NP), or Physician's Assistant (PA))

The person requesting this physical examination is an applicant for training or currently participates in diving activities with self-contained underwater breathing apparatus (SCUBA) or other similar equipment. Your opinion of the applicant's medical fitness for diving is requested. The Medical History and Physical Examination forms focus on conditions that may put a diver at increased risk for injuries or other conditions that could lead to decompression sickness or drowning. The diver must be able to withstand some degree of cold stress, pressures of up to six (6) atmospheres, the physiologic effects of immersion, the optical effects of water, and have sufficient physical and mental reserves to deal with underwater emergencies.

Please review the applicant's responses to all items in blocks 5 through 86 on the NOAA Form 57-03-52, Report of Medical History – Diver. All Items must be completed, except men shall leave block 81 unchecked.

Please provide a comprehensive physical examination and complete blocks 5 through 49 on pages 2 through 4 of this form. Summarize any abnormal findings and pertinent data in block 46, provide a recommendation in block 47, and include your name, title, signature, and date in blocks 49a through 49e. Some items include specific directions. Any item not completed will result in the form being returned to you for completion. This will result in a delay in the processing of a dive application or renewal of a diving certification.

The applicant will also provide to you a NOAA Form 57-03-50, Medical Evaluation Checklist. Use this form to determine which laboratory tests and diagnostic studies are required based on the applicant's age and examination type. All above laboratory tests and diagnostic studies as well as the medical history and physical examination must be performed within the previous 12 months with the exception of the chest x-ray, which must be performed within the previous 24 months. If you conduct other laboratory tests or diagnostic studies as part of this physical examination, include copies of these results with the submission of the other required documentation.
